Re: New Wisconsin Medicaid Standards for 1-2 Bed Owner-Occupied Adult Family Homes

Dear AFH Provider:

On October 22, 2013, the State of Wisconsin issued new standards for the certification of 1-2 bed Owner-Occupied Adult Family Homes. The new standards will apply to your adult family home.

We will begin implementing these standards on July 1, 2014. To prepare for these changes, several meetings will be held throughout our service region over the next coming weeks. Please plan to attend at least one of the meetings as they best serve your needs and time schedule. We will discuss the specific changes, how they affect you as a provider and how they affect CCCW. Copies of the new standards will be distributed at the meeting. However, if you would like to review them before the meeting, they are available at the following link on the DHS website:

The meetings have been scheduled on the following dates:

April 29, 2014 in Park Falls WI at 1:00 pm at the Park Falls Public Library / third floor  
May 6, 2014 in Ashland WI at 11:00 at the Vaughn Public Library / second floor  
May 19, 2014 in Ladysmith WI at 1:00 at the Ladysmith Public Library / O'Connor Room  
June 18, 2014 in Centuria WI at 4:00 at CCCW Centuria office / conference room

As always, if you have any questions, please feel free to give me a call at 715-661-3783

Sincerely,

Gabriel England, BSW, CSW
