4. Board Updates/Education
 - A. Administrative Updates
 - Movement with the state budget has stalled due to discussions on transportation, prevailing wages, and the new Milwaukee Bucks arena proposal. Modified language in the budget now includes the provision to allow Long-Term Care districts to become an HMO and allow them to operate within the Long-Term Care district proposed.
 - Four Long-Term Care districts have been working with an attorney to draft language to include in the budget proposal, which has been presented to two members of the Joint Finance Committee – Senators Knudson and Vukmir, and then shared with Senators Piotrowski and Krug. Key elements in the language would allow reserves to be carried forward, membership to be maintained with the new model, the ability for the district to create or change its corporate structure or statute, and organizations the ability to form ancillary lines of business. The districts have requested that the Joint Finance Committee pass this language onto the Legislative Reference Bureau, who will draft additional language into the budget proposal with the goal being more detail and definitiveness to the path that Long-Term Care Districts would follow when transitioning to the new model.
 - DHS is implementing a change as of July 1 for Group C enrollments, moving them to a Group B category. This will have a financial impact of approximately \$575,000 for CCCW for the second half of 2015. There is significant concern on the change being implemented

mid-contract. DHS was asked to consider an adjustment for 2015 reimbursement levels, but they instead are leaning toward an adjustment in 2016 with the capitation rate.

- Identified tools to stabilize rates for 2015 included training with Member Support Coordination with the residential rate tool and assistance from the Residential Rate Protocol review. These tools will help with authorizing appropriate placements.
- Work continues to schedule listening sessions with all providers for training on the authorization process.
- CCCW is waiting on feedback from MetaStar from the Annual Quality Report.

B. Monitoring Reports

- Monthly Income Statement. The overall net income increased to \$2.4 million. Only 27 new enrollments happened in the first four months of 2015. Revenue is at 99% of projection. On the expense side, CCCW continues to operate efficiently. Administrative costs are at 94% and Service Coordination costs are at 95%. Member service costs are approximately \$2,560 Per Member Per Month vs. a projected figure of approximately \$2,548.

5. Board Discussion/Action

A. Explanation/Discussion of CEO 6-Month Review Process

The Board discussed the process of the CEO 6-month review. It was requested that CEO Mark Hilliker provide a brief report to be included with the July 2015 Board packet. Section 3 of the Board Policy Manual was reviewed and discussed as the Board may want to refer to this section when the CEO 6-month review is performed. Two other documents may be referred to for the review – the CEO Letter of Appointment and the 2015 Annual Plan of Work.
